President's Message

What is a Gunslinger?

A man or woman who carries a gun and shoots well or it could be a person noted for speed and skill in handling and shooting a gun especially while slinging safely.

Our Four Corners Rifle & Pistol club has deep roots in Cortez & Southwestern Colorado. I was in High school; when at the old Calkins building, two school teachers and a few parents, (My soon to be 100 yr. old Father, was one of them) started teaching hunter safety and shooting skills for the youth.

In the book "Fellowship of the Ring" by J. R. R. Tolkien it mentions "All that is gold does not glitter, not all those who wander are lost; the old that is strong does not wither, deep roots are not reached by the frost."

We as a gunslinging club do glitter with an indoor range and a great outdoor range. We do not believe in withering either for our roots are deep and we believe that is not enough to own a fire arm but to train to use it. In the past sixty years of teaching and training proves that we are strong and not lost.

We do not want our members nor the public to make mistakes in order to survive. Our thought on gun control is muzzle control.

It's impossible to predict what others will do. We believe that a citizen who shirks his duty to contribute to the safety of his community is no better than a criminal who threatens it.

We wish to invite all of you to make use of our shooting skill classes, our safety seminars, events and gun show. Our web site is "4cornersrifleandpistol.com" you can enter this and find our calendar, our events, updates and a classified section also.

Our motto is the 2nd amendment: "A well regulated militia, being necessary to the security of a free State, the right of the people to keep and bear Arms, shall not be infringed."

We wish to thank you all for being part of our shooting family and community too. If there is ever a question you can call me at 970-560-8343

Mike Upchurch.

Vice President's Message

A "Cold" Gun.

By now you have probably had far more than enough of the tragic story that unfolded on the film set with Alec Baldwin. A gun that was believed to be either "empty" or full of "harmless" blanks (blanks are not harmless) was pointed at someone and the trigger was pulled. That 45 Colt bullet (a very underrated choice in today's "tacticoool" world) passed through a young woman, ultimately killing her, and lodged in the body of a second person, taking him to the ground hard.

Before Baldwin picked up that gun, let's ask a few questions, ok?

Was that gun cleared?

Were those rounds checked for their level of lethality?

Was the provenance of that gun, on that day, known to all there? In other words, would there have been a chance that "someone" might have taken a safe gun, a gun loaded with blanks, and put live rounds in it? And not told anyone?

All good questions and questions that, I am sure, will be parsed by attorneys on both sides of this question in court.

For our purposes, as we continue to focus intently on making our range safer, I would submit that the answer to each of the questions I just raised is a simple, "It doesn't matter."

Statements were made, which will become testimony in court, that Baldwin "believed" the gun to be unloaded, whatever that means. Why he would point any kind of gun at anyone and pull the trigger, especially since they were not going after a shot and since he, himself, did not check the gun's condition vis-a-vis lethality?

I trained under Colonel Jeff Cooper and, gee whiz, it seems like a hundred years ago, and I remember him stressing that we "owned," in every sense of the word, every piece of lead that exited a firearm from which we pulled the trigger, and that we would have to live, forever, with the outcome and repercussions of that simple act. Forever.

Don't give a damn who had access to that gun or the ammo. You don't point it at anything you aren't willing to destroy.

If this causes even one person, at our range and at others, to think about the rules of safety when they are moving through their paces, perhaps some good can come from the tragedy.

Finally, and again, I beg for your patience as we try to accommodate all wishing to take part in our Master Series of classes. Tactical Shotgun was full before I even set a date. I will do another one in January. We have taken in all that we could, up to this point, and we are grateful for the opportunity.

Stay safe. Watch out for yourself and for each other. I look forward to hearing from you. Joe

OUTDOOR RANGE NEWS

If you would like to reserve the Outdoor Range, please email Chuck @ cwarkcal54@gmail.com with your dates and times or submit a written request at any 4CRP meeting.

Make note of the installed orange safety line at the 300-yard range and the intermediate Cowboy range. **Do not shoot this orange line or anything above it.** Keep all bullets well below the range area.

Reminders:

- **Members must be present if their key is used at the outdoor range**, with the exception of Associate Members. Be prepared to show your 4CRP Membership card upon request.
- There are extra trash bags in the Target Shed; if the trash is full, please take it to the dumpster. Little things like this will help keep the Outdoor Range tidy and clean so all of us can enjoy it.

- **Shooters in the field need to be aware of their target and what is behind that target, i.e., can the bullet potentially ricochet into one of the other ranges or over the berm? You are responsible for the bullet once it leaves the muzzle of your gun until it stops. This includes ricochets!**
- ***Please, be aware of the cylinder and muzzle blasts on the sandbags which can cause holes to be burnt in the denim covering.***

Chuck Wark, Outdoor Range Officer, 970-759-1614

A BIG THANK YOU TO OUR VOLUNTEERS FOR OUR ANNUAL HUNTER SIGHT-INS

As Sight-In Manager this year, I had Mike Upchurch and Anita Mayhew assist me with logistics and support from the club. This year we raised the Sight-In Fee to \$10 per rifle, and some were generous by giving extra tips. Many of the hunters were encouraged by our outdoor range facilities, targets being set-up, having spotters, and our emphasis on safety. Many hunters from out of state and the local area were appreciative that we open our range to public use before the Big Game seasons to accommodate them.

At hunter check-in, I gave each hunter a copy to read over and verbally acknowledge the same Range Safety Orientation and Procedures Form club members agreed on to receive our new key card. Many were grateful that we (4CRP) had placed such emphasis upon this before using our Outdoor Range as a Guest.

I'm thankful for the club volunteers that helped out: Andrew Krob, Marvin Herman, Harold Gray, Steven Fuller, Jerry Cox, Matt Buffington, Dustin Dehart, Don Cook, James McConnel, Dale Donohue, and Mike Upchurch!

Your service is what makes our club great!!

INDOOR RANGE NEWS

Still waiting on the Winterization for the Indoor Range. Of course, they found time while I was out of town and now, who knows when.

Crack Shot news: Jr. Shooter's Director has scheduled time for training through the Winter and should now have switched the ventilation to the Winter mode. Otherwise, all is status quo there.

Fall Pistol League is underway!

League shooting began on November 17th and will continue for 8 weeks until January 5th.

Shooters will be divided into Red Dot and Iron Sight categories and we also will have an Off the Chart category for new shooters, your choice. Each night everyone will shoot 30 rounds of center fire and 30 rounds of .22 rim fire at 3 targets in each category at a distance of 50 feet. Eye & ear protection is required for all shooters and visitors to the shooting range area. Weekly practice will be on Saturdays from 9:00 to 11:00 AM. Shooter fees will be \$25.00 for club members and \$40.00 for non-members payable at qualifying or first league night. There will also be a \$2.00 fee for targets at the practice sessions. The range will be open for practice on Wednesday, November 3rd and Saturday, November 6th.

The League is really a lot of fun. If you want to improve your pistol shooting skills and compete against other shooters of a similar skill level, sign up with Roger Lawrence at 560-5070 or Don Cook 565-7875. See you there!

Four Corners Women at the Range—Monthly Shoots

This monthly shoot is for experienced to expert shooters—is full for the 2021 season with 18 women. To be notified of the next sign up for the 2022 season contact Anita Mayhew at mayhewanita@gmail.com

INDOOR RANGE REMINDER

Please help to keep the facility clean and well maintained. After you finish shooting, check for trash and casings. Let me know when bathroom (or other supplies) are running low, and if you observe any problems/issues in the building. When you leave, be sure the door is secured and locked.

Upcoming Training

The next Master Class will be “Elements of Instinctive Shooting;” or, what happens when the target shoots back and the traditional paradigm of the “my eye - rear sight - front sight - target” alignment does not have the chance to come together, and fast, effective hits need to be made soonest. I will teach this class in conjunction with Staff Sergeant Mark Stevenson. Mark is a contributing member of this club. He lost the use of his leg in combat, in Najaf, Iraq. I have taught with him before, most recently at an RSO Certification Class. Besides his qualifications as an instructor, his real life perspectives on what happens at the flash point is highly fascinating and poignantly relevant. This is an excellent CCW class. As always, these classes are free to members and guests, but this will be the first of these classes that will accept donations (given to Jenn) earmarked for our “gate fund.” We don’t have the date yet, but I will coordinate with John McHenry to send an email blast out. First part of December, promise.

joe@thedragoranch.com is the email address to reach me to get on the sign-up sheet for the next class. Do it quickly.

ELECTRONIC GATE FAQ

The new electronic gate has gone live and aside from working out small kinks in the system, is working as intended. In an attempt to get ahead of any confusion or possible issues caused by user error we offer the following simple step-by-step guide for operation of the electronic gate and proper use of your access cards. Please, remember that this system has been put in place to make the outdoor range a safer place for the members, and not with any intention of making things difficult for anyone.

Entering the Range: Upon arrival at the outdoor range, stop and scan your card at the reader even if the gate is currently locked in the open position. Make certain that when you scan the card you get a green light, and the readout indicates “Access Granted”.

Exiting the Range: Scan your card at the exit reader, wait for the gate to open, then drive out. DO NOT follow another member out without scanning your card.

FAQ:

Why do I need to scan my card when the gate is already open?

The system is set to track each card when it enters or exits the range and save that information. A card is identified as either logged into the system (Entered the range) or logged out of the system (Exited the range) and will not allow a duplicate entry which will prevent your card from working the next time used. What that means electronically is that if you have either gone into or exited the range without swiping your card your personal ID number will remain in the last scanned state in the system.

I scanned my card to enter the range and it displayed the message “Passback Violation” and won’t work.

As previously said, the system is tracking the status of your card. This message is displayed when you are trying to scan into the system a second time, meaning the last time you left the range you did not scan your card out.

I made a mistake, and didn’t scan my card to get into the range, or it’s after open hours on the range, and I’m locked in.

You will need to contact one of the executive members of the club with the contact information provided in the Crack Shot.

I am bringing some guests to the range to shoot, and we are bringing multiple vehicles, how can we get in and out without the gate closing on us or getting someone locked in?

Make sure that all vehicles are lined up and ready to go, there is a sensor on the gate itself that triggers the countdown timer for the gate to close. Any time that it is triggered it will reset the closing timer. After the gate opens there is a generous window of time for each vehicle to make it through before the gate will begin to close.

We are leaving the range, but the gate is just sitting open.

The gate has a roughly 40 second timer before it starts to close after a vehicle has passed through the gate. It can feel like forever, but it will close on its own. Do not go back and scan your card repeatedly, that will just reset the timer over and over, as well as put your card into a logged in state, keeping it from working the next time you come to enjoy the range.
