4CRP Mission Statement

- To be a non-profit community organization in the promotion and preservation of the gun ownership and usage rights of the U.S. Constitution and Section 13 of Article II of the Colorado Constitution.
- To always emphasize safety first
- To provide and maintain range facilities for shooting members of the Club and their guests
- To support all legal activities—hunting, practice and competitive shooting, and defense of self, home and community
- To provide facilities, certified firearm education, and charitable contributions to Club members, the local community, youth organizations, and law enforcement.

President's Message

I suspect that the reader has heard the term "that practice makes perfect". Yet those who have succeeded in their endeavors would tell you that perfect practice makes perfect. Now the new catch phrase is perfect practice makes permanent.

I once read another theory that if you keep practicing something wrong, you'll be better at it wrong! A professional once said that yesterday's failure is merely practice for today's success. Yet another champion remarked "It's not necessarily the amount of time at practice that counts it: It's what you put into practice."

Last month I wrote that we have two instructors, both of which have years of practice as well as knowledge to help us. Now I want to encourage you to practice being safer as well as more accurate plus enjoy our sport with more bullseyes. That's my target for this year and the next and so forth.

Go to our web site 4cornersrifleandpistol.com and look at our calendar of events for more information.

If there is ever a question you can call me at 970-560-8343. Mike Upchurch, Club President.

ELECTRONIC GATE FAQ

The new electronic gate has gone live and aside from working out small kinks in the system, is working as intended. In an attempt to get ahead of any confusion or possible issues caused by user error we offer the following simple step-by-step guide for operation of the electronic gate and proper use of your access cards. Please, remember that this system has been put in place to make the outdoor range a safer place for the members, and not with any intention of making things difficult for anyone.

Entering the Range: Upon arrival at the outdoor range, stop and scan your card at the reader even if the gate is currently locked in the open position. Make certain that when you scan the card you get a green light, and the readout indicates "Access Granted".

Exiting the Range: Scan your card at the exit reader, wait for the gate to open, then drive out. DO NOT follow another member out without scanning your card.

FAQ:

Why do I need to scan my card when the gate is already open?

The system is set to track each card when it enters or exits the range and save that information. A card is identified as either logged into the system (Entered the range) or logged out of the system (Exited the range) and will not allow a duplicate entry which will prevent your card from working the next time used. What that means electronically is that if you have either gone into or exited the range without swiping your card your personal ID number will remain in the last scanned state in the system.

I scanned my card to enter the range and it displayed the message "Passback Violation" and won't work.

As previously said, the system is tracking the status of your card. This message is displayed when you are trying to scan into the system a second time, meaning the last time you left the range you did not scan your card out.

I made a mistake, and didn't scan my card to get into the range, or it's after open hours on the range, and I'm locked in.

You will need to contact one of the executive members of the club with the contact information provided in the Crack Shot.

I am bringing some guests to the range to shoot, and we are bringing multiple vehicles, how can we get in and out without the gate closing on us or getting someone locked in?

Make sure that all vehicles are lined up and ready to go, there is a sensor on the gate itself that triggers the countdown timer for the gate to close. Any time that it is triggered it will reset the closing timer. After the gate opens there is a generous window of time for each vehicle to make it through before the gate will begin to close.

We are leaving the range, but the gate is just sitting open.

The gate has a roughly 40 second timer before it starts to close after a vehicle has passed through the gate. It can feel like forever, but it will close on its own. Do not go back and scan your card repeatedly, that will just reset the timer over and over, as well as put your card into a logged in state, keeping it from working the next time you come to enjoy the range.

OUTDOOR RANGE NEWS

If you would like to reserve the Outdoor Range, please email Chuck @ cwarkcal54@gmail.com with your dates and times or submit a written request at any 4CRP meeting.

Make note of the installed orange safety line at the 300-yard range and the intermediate Cowboy range. **Do not shoot this orange line or anything above it.** Keep all bullets well below the range area.

Reminders:

- **Members must be present if their key is used at the outdoor range**, with the exception of Associate Members. Be prepared to show your 4CRP Membership card upon request.
- There are extra trash bags in the Target Shed; if the trash is full, please take it to the dumpster. Little things like this will help keep the Outdoor Range tidy and clean so all of us can enjoy it.

- **Shooters in the field need to be aware of their target and what is behind that target, i.e., can the bullet potentially ricochet into one of the other ranges or over the berm? You are responsible for the bullet once it leaves the muzzle of your gun until it stops. This includes ricochets!**
- ***Please, be aware of the cylinder and muzzle blasts on the sandbags which can cause holes to be burnt in the denim covering.***

Chuck Wark, Outdoor Range Officer, 970-759-1614

Reminder:

Summer is the Outdoor Range's busy time—check the calendar to make sure your favorite range is going to be available before heading out to shoot—or even better—join in on the fun!!! Some great events you can take part in during the summer are:

- **Centerfire Benchrest**—rifles .308-caliber or less without muzzle brakes. The Target class has few other restrictions - typically heavy-barreled precision rifles with any optic supported by a mechanical rest. Sporter rifles must have a muzzle diameter less than the size of a dime and use a bipod front rest. There will be matches at 100, 200, and 300 yards. The entry fee is \$3. This event takes place the 2nd Sunday of the month.
- **Rimfire Benchrest**—22 Long Rifle and 22-caliber air rifles, using standard velocity ammunition only. There are matches for rifles with scope and unmagnified sight. Target class is essentially unrestricted - typically heavy rifles, any scope or aperture sight, mechanical rests, and premium ammunition. Sporter class is restricted to equipment with definite sporting character and has a long-range shooting component. Sporter rifles must have repeater action, scope magnification is limited, and the front rest must be a bipod or simple bag. Sporter class will shoot a spec ammunition provided at the event. Target Class matches are at 50 and 100 yards, and Sporter Class matches at 50, 100, and 150 yards. The entry fee is \$3 for Target Class and \$15 for Sporter Class (which includes the ammunition). This event takes place the 3rd Sunday of the month.
- **Plink Off/Sucker Shoot**— uses 3 22 Caliber Rifles. Each must have the following sights: 4x Scope, aperture, and iron sights. Shooters will compete at various stations with a variety of targets from precision targets to suckers. The entry fee is \$5. This event takes place the last Saturday of the month.

In Memoriam

It is with sad hearts that we write this in memory of one of the Club's most active participants, and an over all amazing woman. Luann Meyer passed away suddenly on May 20, 2022. She was the club's secretary for 3 years, participated in Pistol League, and was a member of the Montezuma County Sheriffs Posse.

What Luann is probably best known for in the club is as an active participant, organizer and avid advocate for our women's programs. She was an instructor and RSO on the pistol line for our Four Corners Women at the Range Instructional Shooting Clinics for 6 years, spending 6 hours on the first Saturday in June patiently helping women who were new to shooting learn safe habits, encouraging their efforts, cheering their successes and happily sharing her enthusiasm for the sport of shooting.

For the last 3 years, Luann was also one of the organizers and presenters for our women's monthly shooting group. She was best known in that group for her wealth of shooting and handgun experience, her endlessly calm and happy demeanor, and her creative hand-made targets for each season :-). She was a team member AND a leader. We Love You, and will miss you dearly Luann!

*"Those we love don't go away.
They walk beside us every day,
Unseen, unheard but always near,
Still loved, still missed and very dear."
~Irish Blessing*
