## **4CRP Mission Statement**

- To be a non-profit community organization in the promotion and preservation of the gun ownership and usage rights of the U.S. Constitution and Section 13 of Article II of the Colorado Constitution.
- To always emphasize safety first
- To provide and maintain range facilities for shooting members of the Club and their guests
- To support all legal activities—hunting, practice and competitive shooting, and defense of self, home and community
- To provide facilities, certified firearm education, and charitable contributions to Club members, the local community, youth organizations, and law enforcement.

### President's Message

Is the nostalgic lever-action rifle dead? Not by a long shot; everything old is new again as classic lever guns find popularity among thoughtful hunters. The lever action is one of America's most significant contributions to modern firearms. Yet, despite today's hunger for long-range performance, only some American hunters want to reach out that far, and many of us don't need to. The lever action does not have a reputation for extreme accuracy, but it depends on how far the hunter wants to shoot or how close the hunter wants to close on their game.

I once read a story of a freight Company in Cortez that traded food and hardware with the American Indians on their reservations for blankets, beads, pelts, and jewelry around the turn of the 19th century. These rough and determined men had to hunt deer and elk as they traveled from northern Arizona to Durango, Colorado. These trips often took up to two weeks depending upon the weather. Thus these lean hard men shot game along the way to survive. Their Rifles of choice were often single-shot or lever action guns equipped with only open sights, which fired the old 44-40 or 30-30 bullets. The author mentioned that they tried to get as close as possible, often under 50 yards or less, with stealth and a steady trigger pull.

Were these nostalgic hunters great shots? Yes, but they were great stalkers, patient, and knew the abilities of their weapons, often on an empty stomach. In the past, I have mentioned a lot about safety, and I have concluded that these attributes of our forefathers and Mothers who hunted with patience and keys their shots in the closest possible range were aware that a safe discharge was often a success and fed their families too.

Mike Upchurch, President

### Vice President's Message

Congrats the 4CRPC will celebrate 60 years since establishment 1963.

Great article from the Second Amendment Foundation

**BELLEVUE, WA**—The Second Amendment Foundation is celebrating a ruling by a federal judge in Texas against Joe Biden's ATF by vacating the agency's "final rule" which treated unfinished frames and receivers the same as if they are functional firearms.

Second Amendment Foundation was allowed to intervene in the case last December. The case is known as *VanDerStok v. Garland*. U.S. District Judge Reed O'Connor handed down the decision Friday June 30th, noting in his 38-page ruling that, "A part that has yet to be completed or converted to function as frame or receiver is not a frame or receiver. ATF's declaration that a component is a 'frame or receiver' does not make it so if, at the time of evaluation, the component does not yet accord with the ordinary public meaning of those terms."

Ron Serabia, Vice President

### Membership News

- Current Member count is 438
- **NEW!!** Memberships run 12 months from time of enrollment. Dues are \$55 for a regular member and \$10 for Associate members. Associate members can use a regular member's key and membership card without the regular member being present.
- Active **\*NRA Membership is required** for all levels of membership in 4CRP; NRA membership number and expiration date are required on the 4CRP application.
- Every applicant is required to complete the revised membership application, read and agree that you will comply with the **Outdoor Range Use and Safety Rules** by signing the application certification.
- You can purchase a membership at the following locations:
  - RDF Guns—Cash or check only
  - Goods for the Woods—Cash or Check only
  - 4CRP Website—Debit/Credit card only
  - 4CRP monthly meeting—Cash, Check or Debit/Credit Card (through website) accepted

**\*So why does 4CRP require 100% of its members to be current NRA members? Here are just some of the reasons:**

- ◇ As a 100% NRA Club, our Jr. Shooting Team can participate in official tournaments
- ◇ Our Club is eligible for thousands of dollars in NRA grants for our Junior Shooters, Women's activities and to help develop and improve our ranges.
- ◇ NRA provides affordable insurance for our Club including coverage for special events

### Membership Renewal Reminder:

***To avoid interruption in your Outdoor Range access, remember to renew at least 2 weeks in advance of your expiration date!!!***

Kill two birds with one stone!! Jennifer Reynolds will be at the Monthly meeting at 5:30 to allow people to renew memberships early. She will also be giving the Safety orientation at that time as well, so if you have not been able to make it to one of the safety orientations at the Outdoor Range, this is the perfect time to do so.

## ANNOUNCEMENTS AND REMINDERS

- 1. Volunteer Opportunities:** The Gun Club has many opportunities for you to contribute to the success of the club by helping out. If you are able, please mark where you are willing to help on the club application. If you forgot, or your availability has changed, please email Secretary Jenn Reynolds at [bassgoddess1@gmail.com](mailto:bassgoddess1@gmail.com) to be placed on the volunteer list. Our club runs better when members selflessly lend a hand.
- 2. Advertising** on our website helps our Club. If you know of someone who is interested, ads can be purchased for six months and range from \$50—\$200 (depending on the size). Contact Anita Mayhew at 970-903-5120
- 3. Email Updates:** John McHenry maintains a 4CRP Club email list. From time to time he sends out important announcements, news and event/activity updates, reminders and the Crack Shot Newsletter. If you would like to be on his email distribution list, email him at: [4cornersrifleandpistol@gmail.com](mailto:4cornersrifleandpistol@gmail.com) or text/call him at 970-739-4572
- 4. Electronic Gate is LIVE!!!:** Go to [calendly.com/4CRPtraining](https://calendly.com/4CRPtraining) to schedule your Gate and Safety Orientation

### ELECTRONIC GATE FAQ

The new electronic gate has gone live and aside from working out small kinks in the system, is working as intended. In an attempt to get ahead of any confusion or possible issues caused by user error we offer the following simple step-by-step guide for operation of the electronic gate and proper use of your access cards. Please, remember that this system has been put in place to make the outdoor range a safer place for the members, and not with any intention of making things difficult for anyone.

**Entering the Range:** Upon arrival at the outdoor range, stop and scan your card at the reader even if the gate is currently locked in the open position. Make certain that when you scan the card you get a green light, and the readout indicates “Access Granted”.

**Exiting the Range:** Scan your card at the exit reader, wait for the gate to open, then drive out. DO NOT follow another member out without scanning your card.

#### **FAQ:**

#### ***Why do I need to scan my card when the gate is already open?***

The system is set to track each card when it enters or exits the range and save that information. A card is identified as either logged into the system (Entered the range) or logged out of the system (Exited the range) and will not allow a duplicate entry which will prevent your card from working the next time used. What that means electronically is that if you have either gone into or exited the range without swiping your card your personal ID number will remain in the last scanned state in the system.

#### ***I scanned my card to enter the range and it displayed the message “Passback Violation” and won’t work.***

As previously said, the system is tracking the status of your card. This message is displayed when you are trying to scan into the system a second time, meaning the last time you left the range you did not scan your card out.

#### ***I made a mistake, and didn’t scan my card to get into the range, or it’s after open hours on the range, and I’m locked in.***

You will need to contact one of the executive members of the club with the contact information provided in the Crack Shot.

#### ***I am bringing some guests to the range to shoot, and we are bringing multiple vehicles, how can we get in and out without the gate closing on us or getting someone locked in?***

Make sure that all vehicles are lined up and ready to go, there is a sensor on the gate itself that triggers the countdown timer for the gate to close. Any time that it is triggered it will reset the closing timer. After the gate opens there is a generous window of time for each vehicle to make it through before the gate will begin to close.

#### ***We are leaving the range, but the gate is just sitting open.***

The gate has a roughly 40 second timer before it starts to close after a vehicle has passed through the gate. It can feel like forever, but it will close on its own. Do not go back and scan your card repeatedly, that will just reset the timer over and over, as well as put your card into a logged in state, keeping it from working the next time you come to enjoy the range.

## OUTDOOR RANGE NEWS

**If you would like to reserve the Outdoor Range, please email Mike @ [marinevet66@hotmail.com](mailto:marinevet66@hotmail.com) with your dates and times or submit a written request at any 4CRP meeting.**

Make note of the installed orange safety line at the 300-yard range and the intermediate Cowboy range. **Do not shoot this orange line or anything above it.** Keep all bullets well below the range area.

### Reminders:

- **Members must be present if their key is used at the outdoor range**, with the exception of Associate Members. Be prepared to show your 4CRP Membership card upon request.
- There are extra trash bags in the Target Shed; if the trash is full, please take it to the dumpster. Little things like this will help keep the Outdoor Range tidy and clean so all of us can enjoy it.

- **Shooters in the field need to be aware of their target and what is behind that target, i.e., can the bullet potentially ricochet into one of the other ranges or over the berm? You are responsible for the bullet once it leaves the muzzle of your gun until it stops. This includes ricochets!**
- ***Please, be aware of the cylinder and muzzle blasts on the sandbags which can cause holes to be burnt in the denim covering.***

Chuck Wark, Outdoor Range Officer, 970-759-1614

### **Reminder:**

Summer is the Outdoor Range's busy time—check the calendar to make sure your favorite range is going to be available before heading out to shoot—or even better—join in on the fun!!! Some great events you can take part in during the summer are:

- **Centerfire Benchrest**—rifles .308-caliber or less without muzzle brakes. The Target class has few other restrictions - typically heavy-barreled precision rifles with any optic supported by a mechanical rest. Sporter rifles must have a muzzle diameter less than the size of a dime and use a bipod front rest. There will be matches at 100, 200, and 300 yards. The entry fee is \$3. This event takes place the 2nd Sunday of the month.
- **Rimfire Benchrest**—22 Long Rifle and 22-caliber air rifles, using standard velocity ammunition only. There are matches for rifles with scope and unmagnified sight. Target class is essentially unrestricted - typically heavy rifles, any scope or aperture sight, mechanical rests, and premium ammunition. Sporter class is restricted to equipment with definite sporting character and has a long-range shooting component. Sporter rifles must have repeater action, scope magnification is limited, and the front rest must be a bipod or simple bag. Sporter class will shoot a spec ammunition provided at the event. Target Class matches are at 50 and 100 yards, and Sporter Class matches at 50, 100, and 150 yards. The entry fee is \$3 for Target Class and \$15 for Sporter Class (which includes the ammunition). This event takes place the 3rd Sunday of the month.
- **Plink Off/Sucker Shoot**— uses 3 22 Caliber Rifles. Each must have the following sights: 4x Scope, aperture, and iron sights. Shooters will compete at various stations with a variety of targets from precision targets to suckers. The entry fee is \$5. This event takes place the last Saturday of the month.

## **INDOOR RANGE NEWS**

### **INDOOR RANGE REMINDER**

Please help to keep the facility clean and well maintained. After you finish shooting, check for trash and casings. Let me know when bathroom (or other supplies) are running low, and if you observe any problems/issues in the building. When you leave, be sure the door is secured and locked.

Charles Thompson, Indoor Range Officer, 970-739-0518

# Women at the Range Instructional Shooting Clinic

On June 3rd, the Four Corners Rifle and Pistol Club hosted a successful Instructional Shooting Clinic at the Outdoor Range, attracting several dozen participants of various skill levels and backgrounds. This event aims to teach the basics of firearm safety, handling, and marksmanship and provide an opportunity for practice and feedback.

Our Range Safety Officers volunteered their time and expertise to share their passion for shooting sports. The instructors covered range rules, firearm types, and functions, sight alignment and trigger control, shooting positions, and stances. They also demonstrated various techniques to help the participants improve their accuracy and confidence.

The Range Safety Officers provided individual guidance and tips to each participant, as well as constructive criticism and encouragement. The shooting clinic was a great success, not only in terms of learning outcomes but also in terms of community building and enjoyment. The participants had a chance to meet new people who shared their interest in shooting sports, exchange tips, and stories, and make new friends.

The Four Corners Rifle and Pistol Club thanks all the participants and Range Safety Officers for making this event possible and look forward to hosting more instructional clinics in the future.
