### **4CRP Mission Statement**

- To be a non-profit community organization in the promotion and preservation of the gun ownership and usage rights of the U.S. Constitution and Section 13 of Article II of the Colorado Constitution.
- To always emphasize safety first
- To provide and maintain range facilities for shooting members of the Club and their guests
- To support all legal activities—hunting, practice and competitive shooting, and defense of self, home and community
- To provide facilities, certified firearm education, and charitable contributions to Club members, the local community, youth organizations, and law enforcement.

### President's Message

2024 has been a challenging year for everyone, with prices of fuel, food, and almost every commodity on the rise. Our rifle and pistol club has signed a new lease, which in the past has been for ten years. This time, we have an extra year to organize clean-up and start a lead extraction program! We are grateful to everyone who helped clean up the brass and ask for your help picking up trash. We greatly appreciate those who do. If you notice a blue tint when you go out to the outdoor range, it's a weed killer we have used on the outdoor range and our fantastic indoor range in town.

Ensuring the safety of our members is our top priority. We urge you to remain vigilant and report any unsafe shooting practices or misuse of our ranges. Your prompt action can help us maintain a safe and enjoyable environment. We are optimistic about the favorable lease that allows us to continue using these grounds, our cherished home, for over sixty years. We extend our heartfelt thanks to all who have contributed to the success of our rifle range. We trust in your continued commitment to safety.

Mike Upchurch, President

### Vice President's Message

Great News!

The Colorado State Land Board has extended our existing Outdoor Range Lease for one year through August 31st, 2025. The New 2025 Lease is for ten years and comes with additional conditions, costs, and fees to the 4CRPC. Hence, an increase in 4CRPC Annual Membership Dues is a possibility.

This lease extension is not just about us, but about the entire 4CRPC community. It presents a unique opportunity for collaboration and shared vision. We will be engaging in several scheduled discussions between State Land Board staff and 4CRPC representatives before the lease renewal. These discussions are not just about lease terms, but about our shared vision and expectations. Your input and feedback are not just welcomed, but crucial in this process. We eagerly look forward to hearing your thoughts.

As responsible stewards of our Outdoor Shooting Range, we are committed to ensuring its long-term sustainability. The lease extension provides us with the necessary time to formulate a comprehensive lead management plan, a crucial requirement prior to the lease renewal in September 2025. This plan, which will incorporate guidelines from the National Guidance of Best Management Practices for Lead at Outdoor Shooting Ranges and the Colorado Department of Health and Environment (CDPHE) Corrective Action at Outdoor Shooting Ranges Guidance Document, Version Two (2012), is a significant step towards maintaining the health and safety of our range.

The State Land Board's request for a Lead management plan is to ensure proactive, ongoing lead recovery and reclamation on our leased property, following industry guidelines and Best Management Practices. The Outdoor Shooting Range has been there for over 60 years and has never recovered any lead.

4CRPC would like 300 signatures on our support petition, so if you still want to sign, share it with all your friends and family and on Social Media.

Rod Serabia, Vice President

### Membership News

- Current Member count is 508
- **NEW!!** Memberships run 12 months from time of enrollment. Dues are \$65 for a regular member and \$10 for Associate members. Associate members can use a regular member's key and membership card without the regular member being present.
- Active **\*NRA Membership is required** for all levels of membership in 4CRP; NRA membership number and expiration date are required on the 4CRP application.
- Every applicant is required to complete the revised membership application, read and agree that you will comply with the **Outdoor Range Use and Safety Rules** by signing the application certification.
- You can purchase a membership at the following locations:
  - RDF Guns—Cash or check only
  - Goods for the Woods—Cash or Check only
  - 4CRP Website—Debit/Credit card only
  - 4CRP monthly meeting—Cash, Check or Debit/Credit Card (through website) accepted

Our Support Petition Link:

<https://chng.it/V474zTbVmW>

**\*So why does 4CRP require 100% of its members to be current NRA members? Here are just some of the reasons:**

- ◇ As a 100% NRA Club, our Jr. Shooting Team can participate in official tournaments
- ◇ Our Club is eligible for thousands of dollars in NRA grants for our Junior Shooters, Women's activities and to help develop and improve our ranges.
- ◇ NRA provides affordable insurance for our Club including coverage for special events

### Membership Renewal Reminder:

**To avoid interruption in your Outdoor Range access, remember to renew at least 2 weeks in advance of your expiration date!!!**

Kill two birds with one stone!! Jennifer Reynolds will be at the Monthly meeting at 5:30 to allow people to renew memberships early. She will also be giving the Safety orientation at that time as well, so if you have not been able to make it to one of the safety orientations at the Outdoor Range, this is the perfect time to do so.

## **ANNOUNCEMENTS AND REMINDERS**

**1. Volunteer Opportunities:** The Gun Club has many opportunities for you to contribute to the success of the club by helping out. If you are able, please mark where you are willing to help on the club application. If you forgot, or your availability has changed, please email Secretary Jenn Reynolds at [bassgoddess1@gmail.com](mailto:bassgoddess1@gmail.com) to be placed on the volunteer list. Our club runs better when members selflessly lend a hand.

**2. Advertising** on our website helps our Club. If you know of someone who is interested, ads can be purchased for six months and range from \$50—\$200 (depending on the size). Contact Anita Mayhew at 970-903-5120

**3. Email Updates:** John McHenry maintains a 4CRP Club email list. From time to time he sends out important announcements, news and event/activity updates, reminders and the Crack Shot Newsletter. If you would like to be on his email distribution list, email him at: [4cornersrifleandpistol@gmail.com](mailto:4cornersrifleandpistol@gmail.com) or text/call him at 970-739-4572

**4. Electronic Gate is LIVE!!!:** Go to [calendly.com/4CRPtraining](https://calendly.com/4CRPtraining) to schedule your Gate and Safety Orientation

### **ELECTRONIC GATE FAQ**

The new electronic gate has gone live and aside from working out small kinks in the system, is working as intended. In an attempt to get ahead of any confusion or possible issues caused by user error we offer the following simple step-by-step guide for operation of the electronic gate and proper use of your access cards. Please, remember that this system has been put in place to make the outdoor range a safer place for the members, and not with any intention of making things difficult for anyone.

**Entering the Range:** Upon arrival at the outdoor range, stop and scan your card at the reader even if the gate is currently locked in the open position. Make certain that when you scan the card you get a green light, and the readout indicates “Access Granted”.

**Exiting the Range:** Scan your card at the exit reader, wait for the gate to open, then drive out. DO NOT follow another member out without scanning your card.

#### **FAQ:**

#### ***Why do I need to scan my card when the gate is already open?***

The system is set to track each card when it enters or exits the range and save that information. A card is identified as either logged into the system (Entered the range) or logged out of the system (Exited the range) and will not allow a duplicate entry which will prevent your card from working the next time used. What that means electronically is that if you have either gone into or exited the range without swiping your card your personal ID number will remain in the last scanned state in the system.

#### ***I scanned my card to enter the range and it displayed the message “Passback Violation” and won’t work.***

As previously said, the system is tracking the status of your card. This message is displayed when you are trying to scan into the system a second time, meaning the last time you left the range you did not scan your card out.

#### ***I made a mistake, and didn’t scan my card to get into the range, or it’s after open hours on the range, and I’m locked in.***

You will need to contact one of the executive members of the club with the contact information provided in the Crack Shot.

#### ***I am bringing some guests to the range to shoot, and we are bringing multiple vehicles, how can we get in and out without the gate closing on us or getting someone locked in?***

Make sure that all vehicles are lined up and ready to go, there is a sensor on the gate itself that triggers the countdown timer for the gate to close. Any time that it is triggered it will reset the closing timer. After the gate opens there is a generous window of time for each vehicle to make it through before the gate will begin to close.

#### ***We are leaving the range, but the gate is just sitting open.***

The gate has a roughly 40 second timer before it starts to close after a vehicle has passed through the gate. It can feel like forever, but it will close on its own. Do not go back and scan your card repeatedly, that will just reset the timer over and over, as well as put your card into a logged in state, keeping it from working the next time you come to enjoy the range.

## OUTDOOR RANGE NEWS

**If you would like to reserve the Outdoor Range, please call or text Bobby @ 970-529-6048 with your dates and times or submit a written request at any 4CRP meeting.**

Make note of the installed orange safety line at the 300-yard range and the intermediate Cowboy range. **Do not shoot this orange line or anything above it.** Keep all bullets well below the range area.

### Reminders:

- **Members must be present if their key is used at the outdoor range**, with the exception of Associate Members. Be prepared to show your 4CRP Membership card upon request.
- There are extra trash bags in the Target Shed; if the trash is full, please take it to the dumpster. Little things like this will help keep the Outdoor Range tidy and clean so all of us can enjoy it.

- **Shooters in the field need to be aware of their target and what is behind that target, i.e., can the bullet potentially ricochet into one of the other ranges or over the berm? You are responsible for the bullet once it leaves the muzzle of your gun until it stops. This includes ricochets!**
- ***Please, be aware of the cylinder and muzzle blasts on the sandbags which can cause holes to be burnt in the denim covering.***

Bobby Cowan, Outdoor Range Officer, 970-529-6048

### **Reminder:**

Summer is the Outdoor Range's busy time—check the calendar to make sure your favorite range is going to be available before heading out to shoot—or even better—join in on the fun!!! Some great events you can take part in during the summer are:

- **Centerfire Benchrest**—rifles .308-caliber or less without muzzle brakes. The Target class has few other restrictions - typically heavy-barreled precision rifles with any optic supported by a mechanical rest. Sporter rifles must have a muzzle diameter less than the size of a dime and use a bipod front rest. There will be matches at 100, 200, and 300 yards. The entry fee is \$3. This event takes place the 2nd Sunday of the month.
- **Rimfire Benchrest**—22 Long Rifle and 22-caliber air rifles, using standard velocity ammunition only. There are matches for rifles with scope and unmagnified sight. Target class is essentially unrestricted - typically heavy rifles, any scope or aperture sight, mechanical rests, and premium ammunition. Sporter class is restricted to equipment with definite sporting character and has a long-range shooting component. Sporter rifles must have repeater action, scope magnification is limited, and the front rest must be a bipod or simple bag. Sporter class will shoot a spec ammunition provided at the event. Target Class matches are at 50 and 100 yards, and Sporter Class matches at 50, 100, and 150 yards. The entry fee is \$3 for Target Class and \$15 for Sporter Class (which includes the ammunition). This event takes place the 3rd Sunday of the month.
- **Plink Off/Sucker Shoot**— uses 3 22 Caliber Rifles. Each must have the following sights: 4x Scope, aperture, and iron sights. Shooters will compete at various stations with a variety of targets from precision targets to suckers. The entry fee is \$5. This event takes place June 22 and July 27.

## **INDOOR RANGE NEWS**

### **INDOOR RANGE REMINDER**

Please help to keep the facility clean and well maintained. After you finish shooting, check for trash and casings. Let me know when bathroom (or other supplies) are running low, and if you observe any problems/issues in the building. When you leave, be sure the door is secured and locked.

Charles Thompson, Indoor Range Officer, 970-739-0518

### **Upcoming Training Opportunities**

Please visit [coloradohighmark.com](http://coloradohighmark.com) for class and clinic information or email [highmark44@gmail.com](mailto:highmark44@gmail.com).

### **Four Corners Women at the Range—Monthly Shoots**

This monthly shoot is for experienced to expert shooters. Events will take place June 1 and July 14.

For information, contact Anita Mayhew at [mayhewanita@gmail.com](mailto:mayhewanita@gmail.com)

### **SPRING PISTOL LEAGUE RESULTS**

The Spring Bulls Eye Pistol League has concluded its season, filled with excitement and the emergence of new talents. We are thrilled to announce that Christine Leech, in her debut season, triumphed in the Division 1 Red Dot category. A hearty congratulations, Christine! Roger Lawrence, with his exceptional skills, claimed the title of Top Gun Red Dot with an impressive 571 average, while Larry Ott showcased his mastery of Iron Sights, earning him the title of Top Gun with a 560 average. Your achievements have not gone unnoticed, and we applaud your dedication and skill.

Final Standings:

Top Gun Red Dot - Roger Lawrence

Top Gun Iron Sights – Larry Ott

Division 1 Red Dot – Christine Leech

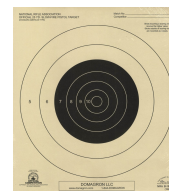

Division 1 Iron Sights – Larry Persell

Division 2 Iron Sights – Joe Butterfield

We finished with our traditional Fun Night Shoot. We turned targets backward so we couldn't see the bullseye, and the fun began. Larry Ott shot the best targets of the evening. We were delighted to see Jeff Carlson visit after his shoulder surgery. Jeff is one of our top shooters and has been a big help to our shooters and me personally in the successful shoots. A big thank you goes out to Don Cook and Chuck Wark for their assistance in managing the League. Thanks, everyone; I couldn't do it without you.

As we bid adieu to this season, we eagerly look forward to the next one. See you all next Fall, ready to create more memorable moments on the shooting range!

Roger Lawrence  
League Manager

# Women at the Range Instructional Shooting Clinic

Anita Mayhew, the driving force behind Women at the Range, extends an **enormous** thank you to all who made the June 1st Women at the Range Instructional Shooting Clinic a resounding success! This marked the **tenth year** of our women’s instructional shooting program, a testament to our collective dedication and passion. Each year, we see 24 women shooters participate, and a similar number of volunteers step up to organize, train, and run the programs. Most of our volunteers are certified RSOs (Range Safety Officers) or certified Instructors, and their wealth of experience and training ensures that we all learn and practice safe shooting skills while having a blast.

Our heartfelt gratitude goes out to our dedicated volunteers, whose unwavering support and expertise have been instrumental in the success of the Women at the Range Instructional Shooting Clinic. We also thank the 4CRP Club for its continuous support and the NRA Foundation Grants, whose generous contributions provide firearms, ammunition, and targets that have made this event possible year after year!
