President's Message

In the late 1960s, America's young people demonstrated against the Vietnam War. At the same time, many 18-year-olds and up were drafted yet denied the right to vote. This historical context is important as it connects us to the struggles and victories of the past.

Finally, in 1970, the Voting Rights Act was passed, and the 26th Amendment ratified our rights. In a Democracy, you have the power to say things that are important to you. Let's use this power and make our voices heard by exercising our right to vote.

The right to vote matters because it is a powerful and precious tool. It is like a civic sacrament, a sacred act that empowers us to shape the future through elections that belong to the people. Our Nation was built on the power of the ballot!

President James Madison said that Americans have the right plus the advantage to be armed to keep off any yoke upon us. I was twenty years old while in Vietnam but voted in November 1970.

Happy shooting, and be safe.
Mike Upchurch Club President tele. 970-508-3268.

Vice President's Message

The 4 Corners Rifle and Pistol Club is amid crucial negotiations with the Colorado State Land Board for our new 10-year lease, starting September 1st, 2025. As a club, the latest development is that we cannot meet the new lease terms that demand a \$250,000 Performance Bond. The 205-acre property, currently leased for \$820 annually from the State of Colorado, is set to increase to up to \$5,000 annually in 5 years. The board has recently had the Outdoor Range area (25 Acres) appraised by a local real estate appraiser.

That market appraisal was \$130,000 based on four compatible properties in the area. The appraiser assumed that the State of Colorado is agreeable to selling 25 acres, which are now the outdoor range area of the Four Corners Pistol and Rifle Club. For the state to sell this property, it must go through an open bidding process, and the starting price (Opening Bid) would be what the Four Corners Rifle and Pistol Club submits.

As the 4 Corners Rifle and Pistol Club, your executive board would like to reiterate the importance of hearing from club members about a potential property purchase. In purchasing the 25 acres, we may still be required to present a Lead Management Plan, estimated to be about \$50,000. Currently, we have over 500 members, so we anticipate an increase in annual membership fees to fund these options. Your input is crucial in this decision-making process.

Respectfully,
Ron Serabia VP

- Active ***NRA Membership is required** for all levels of membership in 4CRP; NRA membership number and expiration date are required on the 4CRP application.
- Every applicant is required to complete the revised membership application, read and agree that you will comply with the **Outdoor Range Use and Safety** Rules by signing the application certification.
- Membership renewal can take up to 2 weeks to process, so remember to renew early.

 - RDF Guns—Cash or check only
 - Goods for the Woods—Cash or Check only
 - 4CRP Website—Debit/Credit card only
 - 4CRP monthly meeting—Cash, Check or Debit/Credit Card (through website) accepted

***So why does 4CRP require 100% of its members to be current NRA members? Here are just some of the reasons:**

- ◇ As a 100% NRA Club, our Jr. Shooting Team can participate in official tournaments
- ◇ Our Club is eligible for thousands of dollars in NRA grants for our Junior Shooters, Women's activities and to help develop and improve our ranges.
- ◇ NRA provides affordable insurance for our Club including coverage for special events

Membership Renewal Reminder:

To avoid interruption in your Outdoor Range access, remember to renew at least 2 weeks in advance of your expiration date!!!

Kill two birds with one stone!! Club Secretary Evan Bronson will be at the Monthly meeting at 5:30 to allow people to renew memberships early. He will also be giving the Safety orientation at that time as well, so if you have not been able to make it to one of the safety orientations at the Outdoor Range, this is the perfect time to do so.

ELECTRONIC GATE FAQ

The new electronic gate has gone live and aside from working out small kinks in the system, is working as intended. In an attempt to get ahead of any confusion or possible issues caused by user error we offer the following simple step-by-step guide for operation of the electronic gate and proper use of your access cards. Please, remember that this system has been put in place to make the outdoor range a safer place for the members, and not with any intention of making things difficult for anyone.

Entering the Range: Upon arrival at the outdoor range, stop and scan your card at the reader even if the gate is currently locked in the open position. Make certain that when you scan the card you get a green light, and the readout indicates “Access Granted”.

Exiting the Range: Scan your card at the exit reader, wait for the gate to open, then drive out. DO NOT follow another member out without scanning your card.

FAQ:

Why do I need to scan my card when the gate is already open?

The system is set to track each card when it enters or exits the range and save that information. A card is identified as either logged into the system (Entered the range) or logged out of the system (Exited the range) and will not allow a duplicate entry which will prevent your card from working the next time used. What that means electronically is that if you have either gone into or exited the range without swiping your card your personal ID number will remain in the last scanned state in the system.

I scanned my card to enter the range and it displayed the message “Passback Violation” and won’t work.

As previously said, the system is tracking the status of your card. This message is displayed when you are trying to scan into the system a second time, meaning the last time you left the range you did not scan your card out.

I made a mistake, and didn’t scan my card to get into the range, or it’s after open hours on the range, and I’m locked in.

You will need to contact one of the executive members of the club with the contact information provided in the Crack Shot.

I am bringing some guests to the range to shoot, and we are bringing multiple vehicles, how can we get in and out without the gate closing on us or getting someone locked in?

Make sure that all vehicles are lined up and ready to go, there is a sensor on the gate itself that triggers the countdown timer for the gate to close. Any time that it is triggered it will reset the closing timer. After the gate opens there is a generous window of time for each vehicle to make it through before the gate will begin to close.

We are leaving the range, but the gate is just sitting open.

The gate has a roughly 40 second timer before it starts to close after a vehicle has passed through the gate. It can feel like forever, but it will close on its own. Do not go back and scan your card repeatedly, that will just reset the timer over and over, as well as put your card into a logged in state, keeping it from working the next time you come to enjoy the range.

OUTDOOR RANGE NEWS

Make note of the installed orange safety line at the 300-yard range and the intermediate Cowboy range. **Do not shoot this orange line or anything above it.** Keep all bullets well below the range area.

Reminders:

- **Members must be present if their key is used at the outdoor range**, with the exception of Associate Members. Be prepared to show your 4CRP Membership card upon request.
- There are extra trash bags in the Target Shed; if the trash is full, please take it to the dumpster. Little things like this will help keep the Outdoor Range tidy and clean so all of us can enjoy it.
- **Shooters in the field need to be aware of their target and what is behind that target, i.e., can the bullet potentially ricochet into one of the other ranges or over the berm? You are responsible for the shot once it leaves the muzzle of your gun until it stops. This responsibility includes ricochets!**
- Please, be aware of the cylinder and muzzle blasts on the sandbags which can cause holes to be burnt in the denim covering.

FALL PISTOL LEAGUE

Attention all you pistol shooters, the **Four Corners Rifle & Pistol Club's** Fall Bulls Eye Pistol League schedule has been announced. Two practice sessions will be before Qualification Night on Wednesday, November 20th, from 3:00 PM until 7:00 PM. Shooters may also use last year's ending league score average instead of qualifying; it's the shooter's choice. League shooting will begin on November 27th and continue for 10 weeks until February 19th. This year, Christmas and New Year are on Wednesdays; we will not shoot those nights.

Shooters will be divided into red dot and iron sight categories, and we will also have an Off-the-chart category for new shooters. You choose. Each night, everyone will shoot 30 rounds of center fire and 30 rounds of .22 rim fire on 3 targets in each category at 50 feet. Eye & ear protection is required for all shooters and guests. Weekly practice will be on Saturdays from 9:00 to 11:00AM. Shooter fees will be \$25.00 for club members and \$40.00 for non-members, payable at qualifying or first league night. There will also be a \$2.00 fee for targets used in the practice sessions. The range will be open for practice on Wednesday, November 13th, Saturday, November 16th, and all Saturdays during League shooting.

The League is not just about competition but also camaraderie and fun. If you want to improve your pistol shooting skills and enjoy the company of other shooters of a similar skill level, call **Roger Lawrence at 560-5070 or Don Cook at 565-7875**. See you there!

Annual Club Picnic

Our recent event was a unique blend of delightful food and a relaxed atmosphere for club members to connect. The mouth-watering spread, courtesy of Mona Makes, was a standout feature of this year's picnic. We extend our heartfelt thanks to Mona Makes for their delicious contributions. The event was a resounding success, with approximately 70 people gathering at the Outdoor Range Pavillion on August 27th.

Our VP, Ron Serabia, provided a comprehensive update on the crucial Outdoor Range Lease negotiations. His insights were invaluable and kept us all informed. Later in the evening, we were delighted with actual door prizes!

This year, we were honored to have the three CCW Instructors, Brandi Wally, Matt and Kristie Purkat, and Tyson Cox, as our special guests. Their use of our ranges for their courses and their dedication to providing numerous training courses in our community is truly invaluable. We wanted our members to have the opportunity to get to know them and express our profound gratitude for their contributions.

We want to express our heartfelt thanks to the incredible volunteers who selflessly dedicated their time and energy to setting up and tearing down tables and chairs. Your contributions were instrumental in making the event a resounding success, and we are truly grateful for your continuous efforts to keep our Outdoor Range great. Your hard work and dedication do not go unnoticed.
